Setup The Device Via Alexa

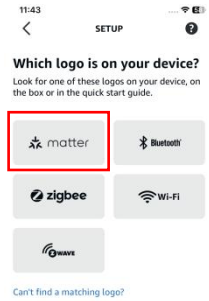

1. Log in Alexa app and go to ‘Device’ page.

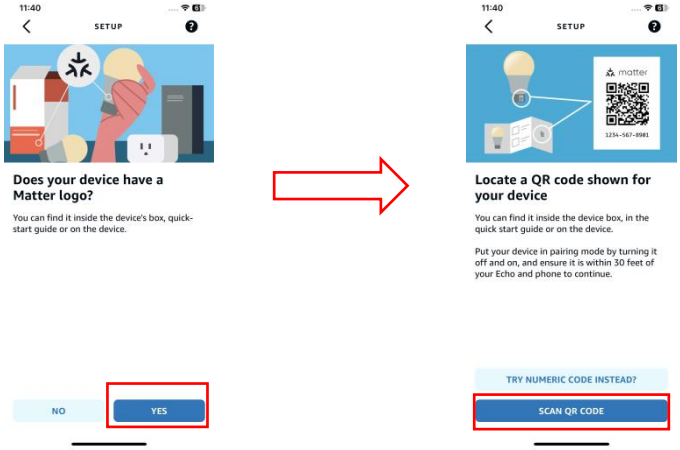

2. Tap the ‘+’ icon and then tap the ‘Add Device’ icon to add a new device.

3. Select ‘matter’ to add the device.

4. Select ‘Yes’ and then tap the ‘Scan QR Code’ icon.

5. Scan the OR Code on the device.

Scan here for Matter inclusion

Note: The device can be added by selecting 'TRY NUMBER CODE INSTEAD' and entering the code manually.

6. Wait for the connection to complete.
